in this updated guide vault publishes the entire surveys of current students and alumni at more than 100 top business schools each 4 to 5 page entry is composed almost entirely of insider comments from students and alumni each school profile features surveys of about 10 students or alumni these narratives provide applicants with detailed and balanced perspectives and insider information on admissions and employment prospects which is lacking in other business school guides

business schools around the world have grown and prospered in the last few decades but what does the future hold for business schools this book explores the potential future disruption of the business school tradition by considering funding value chains strategic groups value orientation innovation and business models

in recent decades business schools have become important components of higher education throughout the world yet surprisingly they have received little serious attention this book provides a sober and evidence based assessment charting the history and character of business schools in the light of current debates about the role of universities and the evolution of advanced economies previous commentators have viewed business schools as falling between two stools lacking in academic rigour yet simultaneously derided by the corporate world as broadly irrelevant however over concern with criticism risks ignoring the benefits of reform what business schools need is reconfiguration based on new relationships with academia and business such change would deliver institutions that are truly fit for purpose allowing them to become key players in the 21st century s emergent knowledge societies this timely critique should be read by academics and policy makers concerned with the present state and future development of business education

with contributions from some of the leading thinkers in business school education this book explores the impact and purpose of the business school and addresses some of the most important questions facing management education today the diverse perspectives brought together by the efmd in this volume examine a number of common questions themes and challenges these include whether business schools should be viewed as schools of management given the complexity of the business environment what is the positive impact of business school research and the balance of relevant practical impact and academic rigour the strategic evolution of business schools and how they may evolve in a more purposeful direction and why business school leaders compete strongly but are reluctant to collaborate and how collaboration may encourage greater positive societal impact with insightful commentary and illustrative case studies this book serves as a landmark publication

on the value and impact of business schools the book will be of particular interest to those working in business schools higher education leaders policy makers and business leaders seeking insight into the value impact and future of business and management education
